WORK EXPERIENCE

FULL STACK DEVELOPER INTERN

Starlabs - Prishtine, Kosove

Dec 2022 - Feb 2023

- Worked in a team of five to develop and launch a Q&A website using HTML, TailwindCSS, JavaScript, PHP, and WordPress.
- Participated in brainstorming sessions and contributed to the development of the website's features and functionalities.
- Utilized project management tools such as Trello to keep the team on track and meet project deadlines.
- Developed skills in web development, project management, content creation, and team collaboration.

PROJECTS

Ask for Help website

- Used HTML, TailwindCSS, and JavaScript to design and develop the website's user interface and user experience.
- Utilized PHP to develop the website's backend functionality, such as user authentication, question posting, and search functionality.
- Utilized WordPress to manage website content and maintain the website's overall functionality.

Portfolio

- Designed and developed a personal portfolio website from scratch using HTML, CSS, and JavaScript.
- Utilized HTML to structure the website's content, CSS to style the website's layout and design, and JavaScript to add interactive elements and functionality.
- Developed a mobile-responsive website that was optimized for various screen sizes. [See Portfolio](#)
